Project overview

New public toilets, baby changing facilities and two additional lifts to serve them, for Capital Shopping Centres at The Glades Shopping Centre in Bromley.

Located centrally at Car Park Level 2, the toilets can be readily accessed from the Malls by both escalators and lifts.

The spacious facilities, incorporating curved forms with limestone, and green wall and floor tiles to complement the existing colour theme of the Centre, replace the previous ones on the Upper Mall, which made way for the extension to the Shopping Centre.
